Meets National Organic Program requirements for organic production.

Contains NO Genetically Modified Organisms.

This product is intended for use according to an approved organic system plan.

A documented boron, manganese, zinc deficiency is necessary when using Complete O in an organic production system, because Complete O is produced with materials that are restricted by the National Organic Program.

It is each certified organic grower's responsibility to get approval from your certifying agency before using this product.

It is each certified organic growers responsibility to get approval from his/her certifying agency before using this product. Because of differences among the various certifying agencies, and differences between NOP/EU/JAS COR ingredient lists, AgriEnergy Solutions cannot guarantee that our products will *be allowed by your certifier on your farm.*

WARNING: some crops may be injured by application of boron. Always obtain BSF'24 recommendations

DO NOT APPLY DIRECTLY TO SEEDS

This product is not considered hazardous under the U.S. OSHA 29 CFR 1910.1200 Hazard Communication Standard.

Condition of Sale and Warranty: AgriEnergy Solutions, LLC warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label only when used in accordance with label directions under normal conditions of use. Handling, storage and use of the product by Buyer or User are beyond the control of AgriEnergy Solutions, LLC and Seller. Risks such as crop injury or other unintended consequences resulting from, but not limited to, weather or soil conditions, presence of other materials, disease, pests, drift to other crops or property, or failure to follow label directions will be assumed by Buyer or User. IN NO CASE WILL AGRIENERGY SOLUTIONS LLC OR SELLER BE HELD LIABLE FOR CONSEQUENTIAL, SPECIAL, OR INDIRECT DAMAGES RESULTING FROM THE HANDLING, STORAGE OR USE OF THIS PRODUCT.
